### ATTENDEES WHO PRESENT (COMMUNICATION OR POSTER)

---

## **Communication**

The presentation of each communication has an established schedule within a session or a symposium. It is important to stick to the time required for presentations: 15 minutes for each presentation plus 5 minutes for comments or questions.

In each session or symposium, the chair will be in charge of conducting the session and will ensure that the maximum time for presentation and questions is respected (20 minutes in total). In this way, attendees will be able to move to the different parallel sessions according to their interests.

We ask presenters to be in their room about 10 minutes before the session in order to copy the presentation to the computer's room.

We also recommend presenters to keep a copy of their communication on a flash drive or in the 'cloud'.

## **Poster**

As stated in the program, the poster session will take place on Thursday 8. The posters must be hung that day from 8:30 to 9:00 am, and unhung between 6:00 and 7:00 pm.

Each poster will have a reserved place on a panel. The material to hang the posters will be provided. Several members of the organizing committee will conduct this session.

That same day, from 12:20 to 1:30 pm, the presenters of each poster should stay next to their poster to attend the comments and questions of interested attendees.

## **Best Poster Award**

In this edition of the congress, a prize will be awarded for the best poster.

A specific scientific committee has been set up to assess the posters (Dr. Itziar Idiazabal, Dr. Miguel Pérez-Pereira, Dr. Miquel Serra). This committee will assess each poster according to its scientific quality and its graphic presentation\*.

**Welcome to the X International Congress on Language Acquisition - AEAL!**

\* Posters which include members of the organizing committee as authors will not be eligible for this award.
